

<p>Rationale</p>	<p>The British International School of Tunis acknowledges the importance of risk assessment in terms of its overall management of health and safety. Arrangements will therefore be made to ensure that risk assessments are carried out throughout the range of the School's work activities and premises. In particular, the risk assessment process will:-</p> <ul style="list-style-type: none"> • Identify hazards • Determine who might be harmed and how, for example employees, clients, pupils and contractors • Determine the likelihood of harm occurring • Identify appropriate measures necessary to control or eliminate the risk • Record findings • Arrange for monitoring and review
<p>Policy Document</p>	<p>Risk Assessment</p> <p>This policy document refers to the following aims and objectives outlined in the School's general statement of Health & Safety Policy:-</p> <p>a) the provision and maintenance of places and systems of work that are, as far as is reasonably practicable, safe and without risks to health.</p> <p>b) arrangements for ensuring, so far as is reasonably practicable, safety and absence of risks to health in connection with the use, handling, storage and transport of articles and substances.</p> <p>c) the provision of such information, instruction, training and supervision as is necessary to ensure, so far as is reasonably practicable, the health and safety at work of its employees.</p> <p>d) so far as is reasonably practicable, as regards any place of work under the School's control, the maintenance of it in a condition that is safe and without risks to health and the provision and maintenance of means of access to and egress from it that are safe and without such risks.</p> <p>e) the provision and maintenance of a working environment for employees that is, so far as is reasonably practicable, safe, without risks to health, and adequate as regards facilities and arrangements for their welfare at work.</p> <p>f) identifying and assessing the risks associated with all activities of the School with the aim, of eliminating or controlling the risks.</p>

Arrangements

Heads of Department will be responsible for ensuring that the risk assessment process is fully implemented in their Department and that procedures are in place for dealing with situations of serious and imminent danger. Staff should report any hazard which they believe is not adequately controlled to their line manager to enable:-

- An initial assessment of risk to be carried out or
- A review of an existing assessment

All employees must ensure that they comply with any control measures identified by the risk assessment process, i.e. use of personal protective equipment and safe systems of work.

All staff will be informed of the work related hazards they may be exposed to and the control measures necessary to prevent harm occurring.

Information, Instruction and Training

Suitable instruction and training will be given to ensure that staff is familiar with the use of appropriate controls and the need for implementation of those measures.

Training will be also be provided for all persons given the responsibility of carrying out risk assessments.

Guidance

Guidance will be issued in respect of the recommended means of implementing the following aspects of this policy:-

- Legal requirements
- The risk assessment process
- Application of the process within the School
- Training
- Monitoring and review

Legal Reference

This policy and its associated guidance outline the provisions the School will make to discharge its duties in relation to the following statutory requirements:-
